CYBERKNIFE (ROBOTIC RADIO SURGERY SYSTEM) “A NEW HOPE FOR CANCER PATIENTS”

The CyberKnife facility at Ghurki Hospital is dedicated to providing cutting-edge cancer treatment to impoverished patients at no cost. This state-of-the-art technology utilizes precise radiation therapy, offering hope and healing to those who may otherwise have limited access to medical care. By extending this service to the underprivileged, Ghurki Hospital embodies its commitment to community well-being and healthcare equity. Through philanthropic support and a strong sense of social responsibility, the hospital ensures that financial constraints do not hinder essential cancer treatment. This compassionate initiative not only saves lives but also exemplifies the hospital's dedication to alleviating the burden of disease on vulnerable populations.

PAKISTAN'S FIRST SPINE CENTER UNDER THE SUPERVISION OF PROF. DR. AMER AZIZ

Ghurki Hospital takes pride in being the pioneer of Pakistan's first Spine Center, dedicated to providing free treatment for patients suffering from spinal ailments. Our state-of-the-art Spine Center is staffed with renowned specialists and equipped with cutting-edge technology to diagnose and treat various spine conditions. Our Chairman, Prof. Dr. Amer Aziz believes that quality healthcare should be accessible to all, and hence, we offer comprehensive spinal care services at no cost to the patients. Our mission is to alleviate the pain and suffering of individuals dealing with spine-related issues, ensuring they receive the highest standard of medical care, without the burden of financial constraints. Ghurki Hospital remains committed to improving lives through compassionate healthcare services.

COCHLEAR IMPLANTS

Ghurki Hospital is dedicated to the well-being of children, and we proudly offer free cochlear implants for kids with hearing impairments. Our commitment to providing this life-changing treatment reflects our belief in equal access to healthcare services. The highly skilled medical team from the UK with the collaboration of (IMRA) at Ghurki Hospital specializes in pediatric cochlear implantation, ensuring that children receive the best care possible. We aim to enhance the quality of life for these young patients, enabling them to hear and communicate effectively. Ghurki Hospital remains steadfast in its mission to support the health and development of children by offering this vital service at no cost.

DIALYSIS CENTER

The Dialysis Center at Ghurki Hospital is committed to providing free treatment to impoverished patients. Our mission is to ensure that individuals with limited financial means can access life-saving dialysis services without the burden of hefty medical bills. We believe in equitable healthcare access and strive to alleviate the financial strain on patients battling kidney disease. Through dedicated medical professionals and state-of-the-art equipment, we offer high-quality care to those in need, ensuring that financial constraints do not stand in the way of their health and well-being. Since its inception, more than 10,000 patients have been treated either free of cost or on subsidized rates.

Ghurki Trust Teaching Hospital is a serviceable platform where medical treatment is free of cost for the poor and deserving patients. It is our foremost aim to constantly improve the quality of medical services. During the years, we have tried our best to set such standards that bring about confidence among the patients visiting the hospital. Philanthropists (Donors) of Ghurki Trust Teaching Hospital have been very committed & dedicated for contribution and meeting the exceeding needs of hospital throughout the years. Therefore, we are immensely grateful for all the help and trust that our donors have bestowed on us as it seemed impossible without their help and support.
