8th FPCCI Achievement Awards

Alhamdulillah! With the blessings of ALLAH (SWT), Ghurki Trust Teaching Hospital (GTTH) has been awarded the Best "ACHIEVEMENT AWARD" in the category of "Social Welfare Services & Human Rights" from FPCCI (The Federation of Pakistan Chambers of Commerce & Industry) in 8th FPCCI Achievement Awards 2020.

8th FPCCI Achievement Awards ceremony was held on Thursday, 24th Sept. 2020, at Serena Hotel, Islamabad. Chairman of Ghurki Trust Teaching Hospital Prof. Dr. Amer Aziz received "ACHIEVEMENT AWARD" from the Honourable President of Islamic Republic of Pakistan Dr. Arif Alvi. Mr. Shaikh Abdul Hafeez (Advisor to Prime Minister on Finance & Revenue), Mr. Hammad Azhar (Federal Minister for industries & Production), Mr. Anjum Nisar (President of FPCCI), Naheed Iqbal (Mrs. Amer Aziz) and Chief Operating Officer (COO) Mr. Muhammad Naeem were also present in the ceremony.

As being the Pakistan's very 1st Spine Center, GTTH achieved another milestone as "ACHIEVEMENT AWARD" by FPCCI in the recognition of quality health care to the ailing humanity and to complete a lifesaving "Cyberknife (Robotic Radio Surgery System), A new hope for the deserving and poor cancer patients.

Orthopaedic and Spine Center has done 7000 + Surgeries during Covid-19 Lockdown under the Supervision of Prof. Dr. Amer Aziz

Alhamdulillah, during pandemic Covid-19, Ghurki Trust Teaching Hospital has stepped ahead once again in helping the ailing humanity. During this difficult time, we are committed in providing the same high-quality care for which we have always been known for. By the Grace of Allah Almighty, during the lockdown Ghurki Trust Teaching Hospital's Orthopaedic Department under the supervision of Prof.

Dr. Amer Aziz has done 7000 plus major surgeries. All kinds of operations have been carried out including spine pelvis, tumors, TB fractures as well as Scoliosis and joints replacement surgeries. All operations were performed within 24 hours of reporting. Not a single day off has been taken in this pandemic and such number of surgeries is a world record for the Orthopaedic and Spine Department.

Bata has Donated Pairs of Shoes to the Front Line Workers Performing Duties During Covid-19

Bata Pakistan has recognized the efforts & facilities delivered by Ghurki Trust Teaching Hospital specially during this Corona Pandemic and donated expensive SAFETY SHOES in thousands for the Ghurki Hospital employees. Management of Bata has greatly appreciated that even during the lockdown 7000 plus major Orthopaedic and Spine surgeries have been performed by Ghurki Hospital under the leadership of Prof. Dr. Amer Aziz. They were also impressed by professional handling of Covid-19 (CORONA) patients providing High Dependency Unit (HDU), ICU,

Isolation Rooms & Wards, round the clock Consultant Cover and other facilities to general patients was also a matter of appreciation. It would be worth mentioning here that the total amount of the donation was in millions PKR. Bata has selected Ghurki Hospital as its very first recipient of the donation and also promised that Bata would like to further extend the relationship between both the Organizations and ensured full cooperation in future.

Cyberknife Robotic Radio Surgery System

In Pakistan every year around 300,000 new cases of cancer patients are diagnosed. The health facilities available in Pakistan to treat cancer patients are limited, therefore, Ghurki Trust Teaching Hospital has started the construction of Cyberknife (Robotic Radio Surgery System) the 2nd in Pakistan. Alhamdulillah, now building for this project has been completed and the Cyberknife machine is in the process of installation. This huge step in the field of health care is about to bring a revolution because Ghurki Hospital will provide international standards treatment to cancer and non-cancer patients. This facility is costing around 4 million US Dollars and it will be dedicated to the poor and deserving cancer patients from all over Pakistan irrespective of religion and ethnicity. There are almost 250 Cyberknife Robotic Radio Surgery Systems in the world and the success ratio of the treatment is over 99 %.
